

2007-2008 Special Education Report

KLAMATH COUNTY
 SCHOOL DISTRICT

April 2009

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the third annual special education report. Reported indicators and targets correspond to the information in the State Performance Plan (SPP) for Special Education that is required by the United States Department of Education. As Oregon schools and districts continue to face many challenges, educators remain committed to providing the highest quality education for Oregon students. This report is not meant to tell you everything about your district, but it offers a starting point for discussions about where improvement might be needed and for celebrating successes in education for Oregon's children.

Susan Castillo, State Superintendent of Public Instruction
